

## TREES TO SHAKE GERMAN STRIKER

Lokal Anzeiger Says They Will Have to Make Good the Loss of Time.

Amsterdam, Holland, April 26.—Today's statement from headquarters comes just early enough to influence the conscience of the munition workers, says the Berlin Lokal Anzeiger, in a recent issue. "For the most part they have resumed duty again but they will also have to repair the consequences of their dereliction from duty and, above all things, these regrettable occurrences must be prevented from taking place again today or tomorrow."

"We are informed that attempts are still being made to instigate renewed action by the munition workers and it is openly threatened that we must be prepared for new outbreaks of ill will if certain claims are not acceded to. It is also reported that on May 1 there will be another general strike for 24 hours."

## ARMY GETS 1000 RECRUITS; MANY ARE WITHOUT UNIFORMS

About 1000 recruits for the United States regular army organizations stationed at El Paso arrived Wednesday morning from Jefferson barracks, St. Louis, Mo. A special train with 400 recruits arrived at 4 o'clock Wednesday morning and another special with 18 cars of recruits arrived over the Texas & Pacific at 9 o'clock. Many of the recruits are without uniforms, the enlistments being greater than the supply of clothing for the men.

With the recruits which have been sent into El Paso during the last few days there is a sufficient number of men to increase the organizations stationed at El Paso to war strength.

## CITY OFFICIAL NOW TESTIFIES

Civil engineer of El Paso has gained thirteen pounds on Tanlac.

Business men, professional men, farmers, artisans, ministers of the gospel and in fact, people of all walks of life, including innumerable women are now taking Tanlac, and are testifying daily to the preparation's remarkable merits. This incontrovertible evidence was further strengthened a few days ago by the statement of Frank J. Tynham, civil engineer for the city of El Paso.

"Almost everybody here either knows or has heard of Mr. Tynham, who has occupied his present responsible municipal position for the past five years, having charge of all the surveying for the city. He is an expert in his line and before long he will be promoted to the position of city engineer, appointment was prominently connected with the engineering department of the El Paso and Southwestern Railroad. In talking to the Tanlac representative about his restoration to health, he said:

"I suffered from a very bad and stubborn case of stomach trouble for more than a year and although I took lots of different kinds of medicine I didn't get any benefit except a little temporary relief now and then. I tell you I was in mighty bad shape and my wife was very much worried about me. I didn't have any appetite and when I did sit down to the table the very sight of food was repulsive to me. And I want to say right here that my wife is an excellent cook and she knew how to prepare deliciously tempting meals, but I was in such a fix it made me sick to see food. I would force down what I could and get up from the table in disgust. And then in a little while what I had eaten would sour and gas would form and just make me miserable. I was badly constipated and this caused awful headaches to come on that would almost drive me distracted and at times I'd get so nervous I was unable to sleep. I finally got down and out for two days before taking Tanlac I hadn't eaten a mouthful and I was laying off from work feeling just simply awful."

"I had read so much about what Tanlac was doing here in El Paso and this medicine was so highly recommended by a friend who knew the condition I was in, that I decided to give it a trial, and it's the honest truth, it seemed to go right to the spot and I've never felt better in my life than I do right now. I have actually gained thirteen pounds on one and a half bottles, in fourteen days, and my appetite is simply enormous. There is nothing left on the table when I get through now and I can eat up a whole Tanlac Tablet every three or four days, my bowels are as regular as clockwork. I can eat anything I want without the slightest trouble and sleep so well I don't even turn over once after I go to bed. The headaches and nervousness are a thing of the past and, in fact, I'm just a new man all over. All my friends are remarking about my improved condition and I'm simply tickled to death over the way I feel. This Tanlac is wonderful and I am more than glad to recommend it to anybody who is suffering like I was, because I know what it will do."

Tanlac is sold in El Paso by Kelly and Pollard, Inc., under the personal direction of a special Tanlac representative—Adv.

## FRANCIS DRAKE VISITS WILSON

War Is Discussed at Reception of President to Joffre and Viviani.

(Continued From Page 1.)

conflict which ever has been waged in this world.

**The Feeling of War.**  
"I do not suppose that it is possible for you—I am sure it would be impossible for me if I were in your place—to realize in detail, in concrete detail, all that the war means to those who have been engaged in it for now two years and a half. That is a feeling which comes and can only come by actual experience. We on the other side of the Atlantic have been living in an atmosphere of war since August 1914, and you cannot move about the streets, you cannot go about your daily business, even if your affairs be disconnected with the war itself, without having evidences of the war brought to your notice every moment."

**Lighting of the streets.**  
"I arrived here on Sunday afternoon and went out in the evening after dark, and I was struck by a somewhat unusual feeling which at the first moment I did not analyze and suddenly it came upon me that this was the first time since the war began that I had seen a street in which after dark the whole community is not wrapped in a gloom extending to the very heart of the city before the invention of gas or electric lighting. But that is a small matter and I only mention it because it happened to strike me as one of my earliest experiences in this city."

**Killing and Wounding of Friends.**  
"I have seen the more tragic side of war is never and cannot ever be absent from our minds. I saw with great regret this morning in the newspaper that the son of Mr. Bonar Law, now chancellor of the exchequer, was wounded and missing in some of the operations now going on in Palestine, and I instinctively cast my mind back to the losses of this war in all circles, but as an illustration it seems to me impressive. I went over the melancholy list, and if my memory serves me right, out of the small number of cabinet ministers, men of cabinet rank who were serving the state when the war broke out in August 1914, one has been killed in action, four at least have lost sons and now Mr. Bonar Law's son is wounded and missing—I hope, lost to us but still in position from which he may return to his friends."

"That is the sort of things that has happened to a small group of men, but it is characteristic of what is happening throughout the whole country."

**Condition of France in that respect is evidently more full of sorrow and tragedy than our own country, which had not a great army. We had but a small army when war broke out, whereas the French army was a war footing and was, from the very inception of military operations, engaged in sanguinary conflict with the common enemy.**

**Complete Agreement Reached.**  
British foreign minister Balfour and Secretary McAdoo have arrived at a complete understanding on questions affecting finance, trade, shipping, banking, exchange and kindred problems, it was announced today. The foremost point of difference between the American and the allied governments relates to trade both with the enemy and with neutral governments. There is a gap between the extreme which this government believes justified under international law and the practices of the allies. As a result, the American government will as strict laws as possible and allow the extent to carry out other restrictions which they have found necessary."

**Villa and Murguia Are Playing Hide and Seek; Murguia to Juarez Again**  
Villa and Murguia are playing a game of hide and seek within the triangle formed by the American border, the Mexican North Western and Mexican Central railroads. Gen. Murguia's troop trains arrived at the border Thursday from Moctezuma and will leave at once for Casas Grandes to again take the field in that district against Villa's command. After the defeat of Villa's main command at Hacienda Carmen, Villa retired toward Casas Grandes and to overtake him there before he had approached the American border, Murguia entrained all of his troops at Moctezuma. Villa evidently anticipated this move by Murguia, for a Villa band burned a number of bridges on the Mexico North Western railroad somewhere south of Juarez. A work train has been made up here and will leave ahead of the troop trains to repair these burned bridges.

## VILLA OFFERS SERVICES TO HIGHEST BIDDER SAYS REPORT

Francisco Villa has placed himself on the auction block for the nations of the world to bid for his services, and will fight for the highest bidder, according to a dispatch received here by government agents. It is said that he is willing to fight with the United States if this nation will make suitable inducements to him. The fact that he has two Germans with him leads government agents to believe that Germany is making a strong bid for Villa to wage war against the United States.

## NEVADA WILL BE FIRST TO FURNISH ARMY QUOTA

Washington, D. C., April 25.—Nevada will be the first state to fill her quota of recruits for the regular army. The state was called on to supply 162 men and has furnished 152 since April 1.

The total for yesterday was 2568, although Arizona, Delaware, District of Columbia, New Hampshire, North Dakota and Vermont furnished no recruits whatever.

**NAVY GETS 16 RECRUITS.**  
Fifteen naval recruits were sent by the naval recruiting station from El Paso Tuesday night to the training station at Goat Island, Cal. In the party were Edward Green, T. S. Smith, Childress McBride, L. E. Cook, T. L. Helgeson, L. A. Means, J. Winchester, Jr., J. I. McKinnis, A. Miller, J. E. Griffin, H. J. Griggs and F. N. Mulkins.

## WILSON TELLS ROTARIANS SELECTIVE DRAFT THE ONLY ADEQUATE SYSTEM

Capt. Godson Tells Rotarians Selective Draft the Only Adequate System.

Talks on "National Defense and Selective Draft" by Capt. William H. P. Godson, Eighth Cavalry, and "Knockers and Boosters," by Walter C. Buckner, superintendent and morning lecturer for the El Paso White Chautauqua system, were the features at the Rotary luncheon Thursday at Hotel Sheldon. Capt. Godson said that selective drafting is the only adequate system by which the country's military needs can be realized. He denounced the volunteer system of raising an army. He said that England's best men were sacrificed at the beginning of the war, as they were the volunteers who were sent to the front to check the German rush. In the volunteer system he said the best men go at the first call and the worst men have to be dragged into the line after this number has been wiped out. He described the selective draft system as being practically a volunteer system in its own way, as the selectees are drafted into the army army of these men who would be numbered among those to go to the front first."

**Army Part of Nation's Life.**  
He described the proposed new army as being a big national institution which will have as its purpose the training of the young men of the nation for military service. He said that the present army institution would be abolished and in its place a distinctive institution as it is now the military will become a part of every citizen's life and training. Capt. Godson said that three methods would be used in the raising of officers to command and train this corps. These three methods will be through the promotion of non-commissioned officers to commissions after period of three months training, the volunteer officers who enter the officers reserve corps, and the selection of material from the schools and colleges of the nation for commissions in the army.

Capt. Godson called upon all civilians to stand behind the president in the present war measure he is trying to put through and also the system he is advocating in raising an army.

**Abolish Certain Knockers, Says.**  
Mr. Buckner said he planned to have Arthur W. Evans, a nephew of David Lloyd George, who is on the Chautauqua program to deliver a lecture on "What America Means to Me," to address the Rotarians, but he was unable to appear. Mr. Buckner took Mr. Evans' place. He said that the "Knockers" are divided into two classes. The first class is the chronic knocker who imagines the entire universe revolves around him. The second type is he who will not support anything which is good for his fellow being."

The professional booster is as dangerous to the community as the knocker. He is the type of man who wants to know if the country is going to pay and pay no attention as to its merits and who is behind it in order to give it his support. This kind of a man booms everything and because of his boasting any movement will lose its influence. We should do away with both the chronic knocker and the professional booster in every community."

Mr. Buckner complimented the El Paso Rotary club and said that it was known throughout the country as a constructive organization in every way.

**Red Cross Good.**  
Will Winch, Rotarian treasurer, took up a collection of \$14.65 for the Red Cross society. Edgar W. Kayser thanked the Rotarians for the support they had given in disposing of the season tickets to the chautauqua and presented a motion picture to thank the Rotarians for their support of the chautauqua. The motion picture was a public display of the coming entertainment.

**Thanks Given to Kayser.**  
A resolution thanking Mr. Kayser for his services as head of the chautauqua committee was presented by G. A. Martin and adopted. Dr. H. L. Hamer, president, read a letter from Mrs. Jessie McDonald, of the El Paso County Graduate Nurses' association, thanking the Rotarians for their support of the association in its fight for next year's convention.

**Was a Devil Pack.**  
B. B. Orndorff as chairman, Frank R. Simmons and C. W. Croom composed a committee appointed by Dr. Hamer to appear before the city council and petition that body to name one of the new city parks in honor of the late mayor Charles D. Davis. Father Orndorff, mayor and founder of Houston square and the city paving system. Mr. Orndorff had presented a motion picture previously that the name of Houston square be changed to Davis square, but opposition by H. R. McClinton and G. A. Martin to this measure was so strong that the late El Paso mayor, caused Mr. Orndorff to amend his original resolution.

**No Home Guard Report.**  
C. W. Croom, who was recently appointed chairman of a Rotary committee to investigate the advisability of the Rotarians organizing a home guard, reported that the committee decided it was inexpedient that this plan be carried out.

**Special Luncheon Saturday.**  
The Rotarians will hold a special luncheon at Hotel Sheldon Saturday in honor of Judge Roland W. Baggett, who will be one of the Chautauqua lecturers.

E. C. Davis announced that the chamber of commerce would hold a special luncheon at hotel Paso del Norte Friday at 12:30 o'clock at which a talk will be made to the taxpayers' association by A. E. Jones of New Mexico.

**New Members Elected.**  
The following new members were elected: Active members, A. L. Peterson of Dunsmuir, B. C. Thorne, automobile salesman; Sam Given, H. D. Camp, City Service company; associate members, W. C. Haden, of the First National bank, and Charles Given.

## Tiles From Floor Of Aztec Temple Are Uncarved

Mexico City, Mex., April 25.—Recent excavations in Mexico City in Rebol and Maria Tenorio have uncovered 55 splendid examples of Aztec tile work. These tiles form a portion of what once was a floor of the grand temple Tenochtitlan, the Aztec capital, which was destroyed by the Spaniards. The tiles are of various shapes and sizes, and are decorated with geometric and floral designs. They are being removed from the ruins to the department of inspection of archaeological monuments.

## "NICK" McDONALD LEAVES; MAY GO TO BIG WAR FRONT

After spending nearly a year on the Mexican border, Nicholas McDonald, Selig-Tribune camera man, left Wednesday evening for Chicago by way of San Antonio. Later he expects to go to Europe to take "movies" of battle fields. McDonald came to the border shortly after the Villa raid on Columbus. He was with the Pershing expedition in Mexico and with Col. G. T. Langhorne in the Big Bend punitive column.

## LEGISLATURE WILL CONVENE ON MAY 1 TO PROVIDE DEFENCE AND FOOD CONSERVATION.

Legislature Will Convene on May 1 to Provide Defence and Food Conservation.

Santa Fe, N. M., April 26.—Gov. W. E. Lindsey today issued a call for an extra session of the New Mexico legislature to convene at noon Tuesday, May 1. The purpose of the session as set forth in the governor's proclamation is:

"To provide for New Mexico's defence and to assist the United States in the prosecution of the war."

To provide for and regulate the production, conservation, distribution and marketing of foods.

To enact such laws as will provide the necessary resources to meet expenses arising out of the emergency of the war.

## NEW SCHEDULE SUBMITTED FOR WORKMEN'S INSURANCE

Austin, Texas, April 26.—Homer R. Mitchell, general manager of the Texas Employers' Insurance association, with headquarters at Dallas, today presented to commissioner of insurance and banking Chas. G. Austin, for approval, the final plans and schedules under which workmen's compensation insurance is to be written, in accordance with the new employers liability act, passed by the regular session of the 24th legislature. These schedules vary materially from the old rates, especially in that the new schedules provide individual risks on various classes of hazards.

Although the new law becomes immediately effective, Mr. Mitchell said the new rates will not become operative until May 1.

## SAYS PAPER MILLS SHOULD BE ESTABLISHED ON COAST

New York, April 26.—The solution of the high cost of print paper lies in the establishment of paper mills on the Pacific coast, F. M. Kellogg, of the San Francisco Call, today, addressing the American Newspaper Publishers' association in convention here, said that the paper shortage in this part of Canada or the United States. "With the boundless forests and water supply on the Pacific coast, it is possible to make paper there from \$21 to \$24 a ton, as against more than \$30 in Canada. This paper could be freighted here by the Panama route and would relieve the shortage to a considerable extent."

## TO BUILD TWO MORE FLOORS ON WHITE-PICKRELL BUILDING

J. F. Woodward & Co. took a city building permit Wednesday for the construction of a second and third story to the building already being constructed at the corner of Durango and West San Antonio streets for Z. T. White and C. S. Pichel.

## BUILDING SECOND OF TWIN APARTMENTS ON FLORENCE

Dr. E. H. Irvin and Dr. E. B. Rogers have taken a building permit for the second of the twin apartment houses to be constructed on Florence street between Third and Fourth streets. The building will be of brick, 120 by 78 feet and will cost approximately \$7500. A feature of it is a gallery, extending around the second story. Between the twin buildings and in the rear a shower bath house will be constructed.

## PAN-HELLENIC SOCIETY TO GIVE BENEFIT FOR RED CROSS

Members of the Pan-Hellenic society of El Paso will present "The Fete of Flowers" Friday afternoon at 7:30 o'clock at the high school auditorium. A small admission with the proceeds of the entertainment will be given to the finance committee of the Red Cross, of which A. P. Coles is chairman.

## FORMER AMBASSADOR OF AUSTRIA TO U. S. DIES

Berne, Switzerland, April 25.—The death of Baron Hengelmüller-von Hengervar, former Austro-Hungarian ambassador to the United States, is reported by the Berner Nachrichten of Munich. The baron's death occurred at Abbadia. He was 72 years old.

## FEEDERS SHIPPED TO DALLAS; NINE CARLOADS GO FROM EL PASO

Nine carloads of steers and cows were shipped in Dallas from El Paso today by the McCabe Cattle company of this city. The cattle were bought in New Mexico and Arizona and were being held while here in the Cameron union yards.

**Working Under a  
Continual Strain?**  
Does a Lame Back Keep You Worn  
Out All the Time?

**MAYBE** you have weak kidneys, a trouble that often follows grip, a cold, a fever, or a spell of worry, overwork or unwise habits. It shows in constant, dull, throbbing backache, or sharp twinges when stooping, lifting, getting up, or turning in bed, with headaches, dizzy spells, a tired, nervous state and irregular, abnormal kidney action. Don't neglect weak kidneys, or you run the danger of having dropsy, gravel, heart disease or Bright's disease. The kidneys are the blood filters and must work all the time to keep you in good health. Take things easier, follow regular habits, and take Doan's Kidney Pills, a remedy in use the world over, and recommended publicly in the U. S. A. by fifty thousand people. Doan's Kidney Pills are certainly worth a trial.

## Here Are Several El Paso Cases

**N. CAMPBELL STREET**  
Mrs. N. E. Workman, 602 N. Campbell St., says: "I suffered from an attack of backache, which was due to kidney trouble. It hurt me to stoop over or straighten up. I had heard Doan's Kidney Pills highly spoken of and got some from the Grayson Drug Co. One box removed the trouble and for over a year now, I have had no return of the complaint."

**FLORIDA AVENUE**  
G. W. Kenney, carpenter, 2709 Florida Ave., says: "Occasionally, I get a dull pain through the small of my back, which gives me considerable misery. It is painful at these times to stoop over or to straighten once I have stooped. When these attacks come on, I use Doan's Kidney Pills and they never fail to remove the trouble."

**E. BOULEVARD**  
Mrs. M. F. Meagher, 707 E. Boulevard, says: "I know from personal experience that Doan's Kidney Pills are a good and reliable medicine and act as represented. I cheerfully recommend them to all who suffer from kidney or any other sign of kidney trouble."

**MISSOURI STREET**  
Mrs. T. E. Armstrong, 707 E. Missouri St., says: "My kidneys were disordered by the impure drinking water. My back gave considerable trouble and I had a dull ache across my loins. Doan's Kidney Pills entirely removed the trouble and I haven't been bothered since. Another of the family has also used Doan's Kidney Pills and they have given the best of results. I have recommended Doan's to several of my friends and they have all been helped by them. I keep this medicine on hand all the time and wouldn't be without it."

**ALAMEDA STREET**  
L. A. Mender, blacksmith, 3201 Alameda St., says: "I have signs of kidney trouble or feel generally weak. I use Doan's Kidney Pills. They have done me more good than any other kidney medicine I have ever used and I am pleased to recommend them."

**MESA STREET**  
Geo. Dorsey, painter and decorator, 418 Mesa St., says: "I was stricken with kidney complaint and I suffered from sharp twinges in the small of the back. The kidney secretions were unnatural and painful in passage. I believe the trouble was caused by breathing the fumes of turpentine. I used a box of Doan's Kidney Pills and they cured the attack."

**Still Uses Doan's.**  
Over two years later Mr. Dorsey writes: "Doan's Kidney Pills off and on and they always help me. I am glad to confirm my former endorsement."

**DOAN'S  
Kidney Pills**  
Every Druggist has Doan's, 50c a Box. Foster Milburn Co., Buffalo, N. Y., Mfrs.

**Kurt, German, Sentenced  
To Leavenworth, Takes  
Bride In County Jail**

Mrs. Ramona McTeary, a widow, was on Thursday morning married at the county jail to George H. Kurt, a German, convicted in federal court on a charge of conspiring to "smuggle" Chinese into the United States, and sentenced to serve a term of a year and day in the Leavenworth prison.

The marriage was witnessed by the jail attendants and several friends of the bride. A Catholic priest married the couple. Kurt will be taken to Leavenworth next week to serve his sentence.
